## ***ART CLASSES 2009***

**Middle Grove - The Odyssey School of Fine Arts is a non-profit art school committed to exposing children to the spirit of the art process. We believe that every student is extraordinary when it comes to creativity. Programs are designed to allow students to create inventive works of art, edit their own videos, make their own clay and fire their own pottery. In the fall, after-school classes will be available for children along with some exciting adult workshops in painting, sculpture and film. Summer classes run weekly, starting July 20<sup>th</sup>. You can view a complete class schedule and download a registration form by visiting [www.odysseyartschool.org](http://www.odysseyartschool.org).**
